

## MUNICIPALITY OF COLCHESTER

### NOTICE OF EXTENSION OF APPROVAL

Approval was issued on December 10, 2014 to Atlantic Industrial Services; 25 Akerley Boulevard, Dartmouth, Nova Scotia to discharge treated Hydraulic Fracturing Wastewater currently stored in their industrial wastewater treatment facility at 660 MacElmon Road, Debert. This approval has been issued in accordance with the Sewer Use By-law and Sewer Use Policy of the Municipality of the County of Colchester, subsequent to the industry submitting an application and analytical information to support their application. The approval was initially effective on February 8<sup>th</sup> before being extended to April 30<sup>th</sup>.

On February 24, 2015, the Sewer Use Appeals Committee made a motion to further extend the effective date of the approval to **May 31, 2015**. This extension will allow Staff additional time to properly plan and coordinate a public hearing. Once details are confirmed for the public hearing, the public will be notified through the local newspaper and the municipal website.
